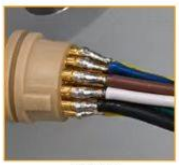
Semi-automatic Pneumatic Soldering Machine

RSE-SSM-4000

Scan to watch video



sample

Feature

- Pneumatic pressing, stable pressure for consistent soldering quality
- Equipped with 205H high-frequency lead-free soldering station, fast heating & precise temperature control
- Touch screen for easy setting of soldering time, stroke and delay
- ESD safe design to protect sensitive electronic components
- Semi-automatic operation, foot switch trigger, simple to operate
- Wide compatibility for wires, terminals, PCB and connectors
- High-temperature safety warning, anti-scald protection
- Compact desktop structure, space-saving for workshop and production line

Specification

Model	RSE-SSM-4000
Controller Touchscreen	YKHMI All-in-one Color PLC+HMI
Soldering Station	New Hakko 205H Soldering Station, 150W
Housing Color	White
Voltage / Frequency	220V / 50Hz
Machine Dimension (L × W × H)	400mm × 400mm × 450mm
Net Weight	20KG
Working Air Pressure	4–6 KG
Equipment Power	160W
