

Wire Cutting Stripping & Bending Machine

RSM-CSB-1403

Feature

- ▶ Special design for electrical cabinet jump wires, bending wires processing.
- ▶ Both ends stripping and bending. Adjustable Bending length and degree, Bending position can be set on HMI, much easier to use.
- ▶ 200 pcs processing requirement memory, offering quicker machine set up.
- ▶ Capacity Range 2mm²-25mm²

Specification

Model	RSE-CSB-1403
Display	7 Inch HMI
Controller	Customized By RS
Linear Guide	Hiwin Linear Guide
Voltage	AC175V-250±50/60HZ
Power	800W
Cutting Length	0.1mm-99999.9mm
Stripping Length	Front End 50mm, Rear End 25mm
Bending Length	Adjustable
Bending Way	Clockwise, Anticlockwise Bending, Degree of bending is adjustable
Capacity Range	2-25mm ²
Cutting Accuracy	0.002 x Lmm, L= Cutting Length
Guiding Tube ID	6mm / 7mm / 9mm / 11mm
Cutter Tools	High Speed Steel
Drive Mode	Six Rollers
Bending Qty	Max. 20 Sections.
Storage Capacity	200 pcs
Weight	80KG
Dimension	600mm*550mm*450mm
