

Wire Cutting Stripping & Bending Machine

RSM-CSB-2010

Feature

- ▶ Special design for electrical cabinet jump wires, bending wires processing.
- ▶ Both ends stripping and bending. Adjustable Bending length and degree, Bending position can be set on HMI, much easier to use.
- ▶ 200 pcs processing requirement memory, offering quicker machine set up.
- ▶ Capacity Range 0.5mm²-6mm²

Specification

Model	RSE-CSB-2010
Display	7 Inch HMI
Controller	Customized By RS
Linear Guide	Hiwin Linear Guide
Voltage	AC175V-250≤50/60HZ
Power	350W
Cutting Length	0.1mm-99999.9mm
Stripping Length	0.1-50mm
Bending Length	Adjustable
Bending Way	Clockwise , Anticlockwise Bending , Degree of bending is adjustable
Capacity Range	BV Cable 0.5-6mm ²
Cutting Accuracy	0.002 x Lmm ,L= Cutting Length
Guiding Tube ID	4mm / 6mm
Cutter Tools	High Speed Steel
Drive Mode	Two Rollers
Bending Qty	Max. 10 Sections.
Storage Capacity	200 pcs
Productivity	800-1500 pcs (Depends on the cable processing requirement)
Weight	35KG
Dimension	430mm*380mm*300mm
