

Double Ends Fully Automatic Wire twisting and tinning machine **RSM-FC-558**

Feature

- ▶ 8 wires are processed synchronized, super high productivity, the output is up to 12000pcs/hour, with the cutting length 100mm.
- ▶ Closed type safety cover design, much higher security

Specification

Model	RSM-FC-558
Feature	Cutting; Stripping; Twisting; Tinning
Display	Chinese/English LCD Interface
Capability Range	AWG32#-AWG16, (can be customized)
Productivity	12000pcs/hour, cutting Length 100mm
Cutting Length	15mm-450mm (can be customized)
Cutting Tolerance	0.1mm
Stripping Length	Side A 12mm Max. Side B 15mm Max
Soldering Length	Side A 12mm Max. Side B 15mm Max.
Twisting Length	Side A 12mm Max. Side B 15mm Max.
Twisting Way	Motor Drive/Cylinder
Air Pressure	5-6bar(73-87psl)
Rated Power	3000W
Voltage	AC220/50HZ
Dimension	1000mm*850mm*1600mm
Weight	400KG
