

Semi-auto Wire Seal Inserting Machine

RSM-GSI-200

Feature

- ▶ With PLC automation software technology to ensure the movement accuracy, high efficiency, waterproof bolt accurate positioning.
- ▶ Threading with a high-speed, threading rate increased substantially in water-proof bolt, improve production efficiency.
- ▶ Error automatically detected and digital display prompted.

Specification

| Model | RSM-GSI-200 |
|----------------|--|
| Pressure | 0.5-0.7MPa |
| Wire Seal size | OD x Length $\Phi 16 \times 15\text{mm}$(MAX) (Feeding track should be customized for different gum seal size) |
| Productivity | 3600 pcs/hour |
| Power supply | AC220V.50Hz |
| Weight | Around 36kg |
| Dimension(mm) | L600mmxW200mmxH630mm |

Applicable Track

RSM-SA-200
