

Wire cutting & Stripping Machine (Fully automatic, no need air source) **RSM-WCS-1590**

Feature

- ▶ Adopt to 12 wheel drive, with strong power and high precision which ensured no damage to the wire surface.
- ▶ The feeding wheel and releasing wheel can be directly set, saving time and labor.
- ▶ The feeding wheel with automatic lifting function which increased the strip length
- ▶ Adopt HMI operation interface, the parameters are visualized and easy to understand.
- ▶ With three-layer stripping program, it can be stripped into three layers.
- ▶ 200 group programs can be stored, different parameters can be stored, easy operation
- ▶ Separate jigs, slitting jigs, ink-jet machines can be added

Specification

Model	RSM-WCS-1590
Display Way	7 Inch HMI
Applicable wire	BVR2.5-90mm ² (BV35mm ² , Sheath cable O.D.18mm)
Guiding Tube O.D.	ø20mm
Cutting Length	0-100m
Stripping length	Front end 0-300mm((beyond 500mm,added splitting jigs can be unlimited split))
	Rear end 0-150mm
Min.Residual Length	50mm
Cutting Tolerance	±0.2mm*L (L=cutting length)
Memory function	Max.200 groups
Drive model	12 wheels
Blade material	Imported high speed steel
Voltage	220V/50HZ
Power	800w
Weight	About 100kg
Productivity	600-1000 pcs/hour (depending one the wire)
Dimension	700*640*480mm
