

Shrinkable Tube Shrinking Machine

RSM-HSM-60

Feature

- ▶ Special design for wiring harness heat shrinkable tube process.
- ▶ The processing capacity length less than 60mm , diameter less than 10mm.
- ▶ Bench top design ,easy to operate and maintenance.

Specification

Model	RSM-HSM-60
Tube Diameter	≤10mm (customizable)
Tube Length	≤60 mm (max.100mm customized)
Harness Length	≥ 195 mm (not too heavy)
Voltage	220V/50Hz (single phase)
Heating Plate	1000W * 2
Fuse	Motor fuse: 30A; Temperature control fuse: 30A
Productivity	About 2000pcs per hour (depends on proficiency)
Work Temperature	0~700℃
Weight	40kg
Dimension	L1100mm*W230mm*H350mm
