

Wire Strands Trimming Machine

RSE-WC-50

Feature

- ▶ Adopt a polyurethane base plate and increase the buffer to reduce noise.
- ▶ PC panels makes it easy for operators to observe the machine working status.
- ▶ The adjusting screw and stop screw can be adjusted directly without opening the cover, making it simple to operate and saving time.
- ▶ High productivity and save manpower.
- ▶ Wire O.D: Within 50mm²

Specification

Model	RSE-WC-50
Voltage	220V(Single Phase) ,50-60Hz
Power	80W
Pressure	0.6-1.0Mpa
Productivity	1800-2400Pcs/h
Adjusting length	2-9mm
Weight	32KG
Dimension	473mmX285mmX413mm
