

## Hot Stamp Machine

### RSM-HSM-100

### Feature

- ▶ Easy Operation. Simple to operate, ideal for small-batch production and customized orders.
- ▶ High-quality transfer with high resolution, ensuring clear patterns and vibrant colors.
- ▶ Wide Application. Suitable for various materials, including plastic, metal, ceramic, and fabric.
- ▶ Quick changeover. The fixture can be fixed on the hole inside the heating plate, protecting lifespan of the plate.
- ▶ Environment-friendly. Meet green printing standards, with no environmental pollution.

### Specification

Model	RSM-HSM-100
Productivity	1800pcs/hour
Temperature Range	50-350°C
Work Mode	Foot Operation/Hand Operation
Work Method	Electrical Integration
Voltage	220V/110V
Power	500W
Weight	24KG
Dimension	L650mm*W700mm*H380mm
